## Welcome to Your Level Up Online Workshop

You are about to take part in our proven prosperity process designed to bring you extraordinary results in every area of your life and business. Here are some suggestions to support you in getting the most from this experience and in achieving your 2019 goals:

1. **Dream Big**: Give yourself permission to dream big and be open to the expected and unexpected ways that your dream and goals will be realized.
2. **Connect & Collaborate**: Make an effort to not just meet one another, but to really connect so that you can discover ways to collaborate, support each other and serve your customers even better.
3. **Have Fun**: One of the things we learned early on from our mother was that life (and business) can and should be fun! If you're not having fun, get back to your heart's desire and the reason you created your business.

## Hear from a few of our happy and successful clients:

*“The coaching program has absolutely helped me excel in my business. **My sales have increased**, I have moved forward on goals that I've had, and then also on goals I didn't even know I had. I joined in June 2018 I don't know how they do it! **They're always there for you.** Even when I don't think they're going to have time for me, they do. Whether it's for something little like, “Hey can you look at my flyer?” to big things like, “I don't know if I can do this anymore,” or working on sales copy, practicing sales conversations, figuring out pricing and programs, they always have some sort of resource or advice.”*

~ Jessica Faber, Functional Health Practitioner

*“WPN has made a huge difference, it's made a difference because once I decided to make that leap of faith, and to join the programs that they offered. My coach put together amazing business plan to take my business to another level **which grew my revenues by 27% in 2017, then another 28% in 2018, for a total increase of 55%! I've just renewed my program for 2019 and can't wait to see my next level of growth!***

~ Jennifer Bryan, Amazing Skin Care Med Spa

*“What I admire and love and embrace with WPN is that it's a one stop shop. I have everything in one place. All my resources, my coaching, training, mentoring and my networking in the same location. This coaching program is different from all the others I've experienced. You can actually get in contact with them easily, zero in and have that personal time with them and have them keep you on track. I have a goal for the year and achieving it is so much easier with a system by which to work.*

*Anyone who actually wants to accomplish something that they have always had in mind, you know, that dream that may be way up under the shelf and you never really start working on it, that's the person that needs to come to WPN. Don't let your dream sit until you're too old or too tired. Bring your dream and your ideas and WPN will help you create it, expand it and make it into something that will overjoy you. So, if you want to actually make some good changes in your life and have that dream accomplished in a timely manner, then WPN is for you.”*

~ Janice Wight, Epic Life Systems Coach and Loan Officer, CMG Financial
