Welcome to Recast Your 2020 Vision

You are about to take part in our proven prosperity process designed to bring you extraordinary results in every area of your life and business. Here are some suggestions to support you in getting the most from this experience:

1. **Have a Beginner's Mindset:** *"In the beginner's mind there are many possibilities. In the expert's mind there are few."* (Shunryu Suzuki) Having a beginner's mind will open up new avenues and opportunities for your success.
2. **Dream Big:** Give yourself permission to dream big and be open to the expected and unexpected ways that your dreams and goals will be realized.
3. **Connect & Collaborate:** Make an effort to not just meet one another, but to really connect so that you can discover ways to collaborate, support each other and serve your customers even better.
4. **Have Fun:** One of the things we learned early on from our mother was that life (and business) can and should be fun! If you're not having fun, get back to your heart's desire and the reason you created your business.

What Members Are Saying:

"Thank you for another amazing event. It's so comforting and at the same time energizing to mastermind with other like-minded, rock star professionals looking for new ideas to serve and do MORE in the current environment. Serving the community in this newer, braver world is best done with women that can pivot and elevate to more power-full ways to serve. Thanks again!" ~ Mary Palmer, Power Glam | Mary Kay Cosmetics
